Testimonials

“Kate” found herself living in a tent after losing her home due to large medical and utility bills. She was hospitalized numerous times and unable to work. The YWCA Empowerment Center Rapid Re-housing program assisted her with a safe home and attaining disability benefits.

“Sally’s” family received help from several United Way funded agencies when she struggled to meet her family’s needs. They assisted with children’s furnishings, paid a utility bill, and enabled Sally to complete her CNA certification. She now makes a living wage and is self-sufficient. She says, **“Without your help, we would still be stuck in the cycle of temp jobs and always on the edge of losing everything.”**
